# SUMMER READING

IN THE

## MAGIC TREE HOUSE<sup>®</sup>

TRAVEL THROUGH TIME AND AROUND THE WORLD WITH  
JACK & ANNIE AND THEIR MAGIC TREE HOUSE

**Dear Educator,** Now in its eleventh year, our Summer Reading Program is an ongoing commitment to the communities we serve. Once again, we're partnering with educators to inspire readers in the first through sixth grades to earn free books.

This year we've invited Mary Pope Osborne, author of the bestselling Magic Tree House books, to help us—and you—foster a love of reading and its rewards. Drawing on the popular time-travel tales featuring the adventures of brother and sister Jack and Annie, the fun and exciting activities of *Summer in the Magic Tree House* are designed to:

- Encourage kids to develop their own reading preferences.

- Examine various genres and the difference between fiction and non-fiction.
- Nurture vocabulary and analytical skills.
- Motivate students to extend their reading through the summer.

Everything you need to help your students participate—and earn free books!—is included in this package.\* Students can pick the titles they want to read and proceed at their own pace.

We hope you'll begin using the kit and related materials as the school year winds down. By encouraging kids to continue reading once school is out, the program offers an effective way to build on the good work you've done all year long.

Enjoy your summer—but first invite your students to climb into *Summer in the Magic Tree House!*

\* These materials are copyrighted, but feel free to make as many copies as you need.
